BUSINESS CHAMBER

The German Myanmar Business Chamber (GMBC)

Germany is Europe's most powerful economy with a strong base of highly internationalized SME companies and Germany has been a longstanding partner for Myanmar. The German Myanmar Business Chamber (GMBC) wants to harness these close links and bring to bear the strengths and competencies of German companies for mutually beneficial growth and development.

The GMBC aims to work with the perspective of setting up an official AHK in Myanmar. For this purpose, it already closely co-operates with the Delegation of German Industry and Commerce, representing the AHK network with an official mandate of the German Ministry of Economics.

The Delegation will support the GMBC through the management of its operations.
